## General Force Protection Tips

The US Army Garrison Stuttgart Force Protection Awareness Campaign and the Safe Neighborhood Awareness Program remind community members to be alert and prepared, and to practice the following force protection tips:

- ◆ Do not discuss personal matters such as travel plans, your job, or your family with people you do not know.
- ◆ Avoid loud conversations and arguments that might attract unnecessary attention.
- ◆ Avoid going out alone, especially at night.
- ◆ Avoid secluded areas, poorly lit streets and narrow alleys.
- ◆ Do not pull over at the direction of anyone other than from a clearly marked police car.
- ◆ Never leave your car running when you are not in it (even if you are just going inside for a moment or warming up your car).
- ◆ Keep your vehicle well maintained and your tank at least half full at all times.
- ◆ Have your vehicle keys in your hand and ready to use when you leave your house or a store. A parking lot or street is not a good place to be looking for them.
